PROFESSIONAL SUMMARY

I am passionate about transforming data into meaningful insights that support smarter decision-making. Currently pursuing BE in Computer Science & Engineering at Sant Gadge Baba Amravati University. Skilled in data analysis, machine learning, visualization, and statistical techniques, with a strong interest in building data-driven solutions for real-world problems.

EDUCATION

Sant Gadge Baba Amravati University, Amravati (2022 – 2026)

BE in Computer Science and Engineering

SKILLS

Programming & Databases: Python, SQL, Excel

Libraries & Frameworks: NumPy, Pandas, Matplotlib, Scikit-learn

Data Analysis & Visualization: EDA, Feature Engineering, Machine Learning, Statistical Analysis, Power BI, Tableau

PROJECTS

Analysis of Student Engagement Behaviour in Classroom Environments

- Analyzed student engagement data to identify learning behavior patterns in classroom settings.
- Performed data preprocessing, exploratory data analysis, and visualization to extract insights.
- Identified key factors influencing student participation and academic performance.

Tools: Python, Pandas, NumPy, Matplotlib

AI-Powered Predictive Analytics in Healthcare

- Built machine learning models to predict patient outcomes and identify high-risk cases.
- Applied data cleaning, feature selection, and model evaluation techniques.
- Supported proactive healthcare decision-making using predictive insights.

Tools: Python, Machine Learning, Statistics

CERTIFICATES

- The Ultimate Job Ready Data Science Course – Simplilearn & Microsoft (2025)
- Data Science Course – Code With Harry (2025)
